

Moving Day Checklist

- ☐ **Be completely packed.** (Boxes filled to top & sealed with tape. Clearly labelled on top and on all sides i.e. 'Kitchen' or 'Master Bedroom').
- ☐ **Remove breakables & loose items from dresser drawers.** (Clothing can stay in the drawers, no need to empty your dresser.)
- ☐ **Unplug all large appliances and electronics that are moving.** (We *do not* disconnect water lines; we recommend a plumbing professional disconnect your washer and refrigerator).
- ☐ **Pack personal valuables for transport in your own vehicle.** (Wallets, jewelry, cash & check books, laptops, iPads etc.).
- ☐ **Make a "Survival Box"** with the items you will need to access right away like: prescriptions, toiletries, clothes for a few days, pet food etc.
- ☐ **Consume refrigerated foods** prior to moving day. Get Your Move On can provide coolers upon request.

Personal Reminders

- ☐ **Update your address:** The official USPS site moversguide.usps.com
- ☐ **Order new utilities** and disconnect current ones (new utility service can take up to 24 - 48 hours to be turned on by the city)
- ☐ **Cancel or forward mail subscriptions** or meal delivery service.
- ☐ **Collect medical, vet, or school records** if needed.
- ☐ **Make arrangements for small children and pets** on moving day.
- ☐ **Consider moving plants on your own** to avoid shock in transport.
